Dear Lynn Parlow

I am so terribly
sorry to hear of your
great loss of your Mother.
It must be too dreadful
for you. I know what
it means for I lost
my dear Wife in 1951.

If I were you I
would not make up
my mind for certain

about staying here permanently
until you see how things
are. I know very little
about the profession here
as I live such a long
way from London &
have lost touch - having
been here 3 years.

Let me know when you
come, & if I am able
to do anything you
know I will.

With best wishes

Yours very sincerely
Coriel Tasker.
